

The VFP Foundation's goal is to promote the Brazilian Culture and motivate the use of the Portuguese Language on the daily basis of the Brazilian children living abroad, as well as any other group of children that are curious about Brazil.

The VFP Foundation celebrates the most popular Brazilian cultural festivities and holidays, such as Carnival, Easter, Children Day, Mother's Day, Discovery and Independence of Brazil, besides promoting educational programs such as Planning Day in Portuguese, Art of Storytelling, Activities in Portuguese on Saturdays at Miami Dade and Broward Public Libraries, After School Portuguese Classes in Broward, sponsorship of Cultural Contests, etc.

Several other projects are on the way: TV Show "123 Let's Speak Portuguese", Brazilian Corner in your School, field trip to Brazil, Community Fair, and the Brazilian Culture Festival.

Recently, the VFP has launched a program of free Portuguese classes on Saturdays in Doral and soon will be inaugurating its new headquarter in Miami with more space and infrastructure to implement more projects contributing to a stronger Brazilian community.
